This is the machine that sets the standard for design, productivity and comfort in skid-steer loaders! The Bobcat 773 G-Series loader offers a wide range of operator-friendly features and exciting value-added options.

Plenty of muscle, too. The impressive 1,750-lb. rated operating capacity and 118.2 in. lift height plus vertical lift path and 29.6 in. reach make the 773 ideal for truck loading.

The Bobcat 773 G-Series loader is the state-of-the-art work environment that will save you time, effort and money on every job!

SEE MORE. LIFT MORE. DO MORE.

The Bobcat® 773 G-Series Loader delivers unequaled visibility, performance, comfort and value!

Profit-making performance and unsurpassed comfort…the Bobcat 773 G-Series loader has it all!

For example, the G-Series vertical-path lift-arm design means improved jobsite performance — and because of the lift arms’ low profile, you get all-around visibility to the sides, front and rear corners of the machine when loading, unloading and turning in tight quarters.

You also get unsurpassed comfort in the roomy, G-Series cab...easy entry and exit...innovative instrumentation and convenient controls...rear-pivot seat bar...fully-adjustable, optional suspension seat...and much, much more.

Read on!
Choice of Attachments.
As with any Bobcat loader, you can count on a variety of quick-mounting Bobcat attachments for your 773. The operator can easily replace a bucket with a backhoe, pallet fork, landscape rake, sweeper, tiller, grapple and many more. Hookup is easier with new optional Power Bob-Tach!

Built-In Safety.
The 773 gives you the latest in safety technology — the Bobcat Interlock Control System (BICS™). BICS requires the operator to be seated in the loader with the seat bar in place and the engine running. After the operator presses the “press to operate loader” button, the hydraulic lift, tilt functions and traction drive system can be operated.

Serviceability.
Bobcat serviceability is unsurpassed. Simply open the swing-out tailgate for full access to the engine’s checks and fills, filters and battery. And unlike other brands, the lift arms need not be raised to service the machine. Shop time is spent repairing, not gaining access.

Exclusive Bob-Tach System.
For fast, secure attachment changes. Bob-Tach frame (A) moves into attachment flange (B) handle (C) pushes down easily, pressing wedge (D) through frame and attachment hole for solid connection.

Adjustment Not Needed.
The Bobcat “bow-tie” drive chain design uses pre-stressed, heavy-duty drive chains in two short continuous loops on each side. That means no periodic, time-consuming adjustments, plus long life even in the most rugged conditions.

Clean Cooling.
The exclusive Bobcat dual path cooling system brings clean, cool air from above, through the engine and hydraulic oil coolers, mixes it with engine compartment air, then exhausts it out two side vents.

Bearing Grease Forget It!
Training Resources.
Training kits, available through your Bobcat dealer’s parts department, let you train current and new operators and service technicians on the latest safety operation and servicing functions on Bobcat skid-steer loaders. A Spanish language version is also available. Check the Bobcat website for more information: www.bobcat.com

Greater Comfort.
- The G-Series cab is operator-friendly, designed for maximum comfort and functionality.
- With its larger cab opening, the 773 is easy to enter and exit.
- The innovative seat bar pivots from the rear, providing secondary restraint protection and serving as a comfortable armrest for operators of all sizes.
- High-output halogen headlamps double the amount of illumination to the work area for better operation in low light.
- The 773 G-Series also features a new, easy-to-read, highly functional instrument panel, along with a number of value-added options.
- Air conditioning now available on 773 Turbo! Full climate-controlled cab!

More Options.
- Factory- or field-installed deluxe instrument panel includes keyless start, feature lockouts, monitoring and diagnostic functions.
- High-flow auxiliary hydraulics for operating attachments such as planers and stump grinders.
- Fully-adjustable suspension seat for all-day operator comfort.
- Cab heat and air conditioning.
- Power Bob-Tach.

Added Value.
Couple all the new features of the 773 G-Series with proven power and smooth ride and you have a skid-steer loader that delivers optimum performance on every jobsite. Get in the seat of a new 773 G-Series today for a great view and an even greater value!

Belt Drive Advantage.
The Bobcat belt drive advantage means Bobcat loader engines can be run slower, resulting in a quieter machine that lasts longer and uses less fuel. This system also maximizes pump efficiency and minimizes steering lever effort.

Worldwide Support.
With the Bobcat 773 G-Series you get more than just an exceptional skid-steer loader. You also get the support of a worldwide network of Bobcat dealers offering industry-leading attachments, accessories and parts availability. Their factory-trained service technicians are equipped to handle all your parts and service requirements, including engine and hydrostatic/hydraulic components. There’s an excellent warranty program, too. Get all the details from your Bobcat dealer.
The new standard of design, productivity and comfort!

The Bobcat 773 G-Series loader delivers a wide range of innovative operator-friendly features and exciting value-added options.

The Bobcat Advantage
Total value that can’t be matched!

### SPECIFICATIONS

#### Performance
- **Rated Operating Capacity**: 1750 lb. (794 kg) for 773, 1850 lb. (839 kg) for 773 Turbo
- **ROC with Optional Counterweight**:
  - 773: 3900 lb. (1769 kg)
  - 773 Turbo: 3900 lb. (1769 kg)
- **Tipping Load**:
  - 773: 3900 lb. (1769 kg)
  - 773 Turbo: 3900 lb. (1769 kg)
- **Travel Speed**:
  - 773: 7.0 MPH (11.3 km/hr.)
  - 773 Turbo: 7.0 MPH (11.3 km/hr.)
- **Hydraulic Pump Capacity**:
  - 773: 16.7 GPM (63 L/min.)
  - 773 Turbo: 16.7 GPM (63 L/min.)

#### Dimensions
- **Length (with bucket)**: 130.3 in. (3309 mm) for 773, 130.3 in. (3309 mm) for 773 Turbo
- **Width (with bucket)**: 68.0 in. (1727 mm) for 773, 68.0 in. (1727 mm) for 773 Turbo
- **Height**: 76.3 in. (1938 mm) for both
- **Height to Bucket Pin**: 118.2 in. (3002 mm) for both

#### Engine
- **Make/Model**: Kubota/V2003-EB for 773, Kubota/V2003T-EB for 773 Turbo
- **Fuel/Cooling**: Diesel/Liquid for both

#### Operation
- **Transmission**: Hydrostatic, four-wheel drive.
- **Hydraulics**: Raise/lower lift arms and dump/rollback bucket controlled by two foot pedals
- **Steering and Drive**: Forward, reverse, travel speed and steering controlled by two hand levers.

### Bobcat Attachments

- **Whiskers Push Broom**

### Options/Accessories
- **Adjustable Cushion Seat**
- **Automatically Activated Glow Plugs**
- **Bobcat Interlock Control System (BICS)**
- **Bob-Tach**
- **Dual Path Cooling**
- **Ejector Bucket**
- **Dozer Blade**
- **Digger**
- **Dumping Hoppers**
- **Ejector Bucket**
- **Forward, reverse, travel speed and steering controlled by two hand levers.**

### Greater Performance
- The vertical lift path 773 G-Series delivers added performance on every jobsite:
  - More lift capacity (1750 lb. ROC, 1850 lb. with turbo)
  - More lift height and reach for truck loading
  - 11% more auxiliary hydraulic flow for better attachment operation
  - 6% more weight for increased pushing force
  - 64% more fuel capacity for all-day operation
  - Factory- or field-installed deluxe instrument panel

### Greater Visibility
- The 773's low-profile, vertical-path lift arm design and innovative G-Series cab enhance the operator's view to key areas during operation: the sides, front and rear corners of the loader.

### Greater Comfort
- The G-Series cab is designed with the operator in mind, for optimum comfort and functionality. With its larger opening and dual-tilt cylinder lift arm design, it's easy to enter and exit.

### Greater Value
- Couple these features with proven power, smooth ride and vertical lift path capabilities and you've got a skid-steer loader that delivers optimum performance, no matter what the job. Get in the seat of a 773 G-Series today for a great view and an even greater value!

#### The Bobcat 773 G-Series Skid-Steer Loader...

**Greater Performance, Visibility, Comfort and Value!**

- **Rated Operating Capacity**
  - **1750 LB.** for 773
  - **1850 LB.** for 773 Turbo
- **Rated Lift Height**
  - **118.2 IN.** for both
  - **46 HP**
  - **56 HP**
- **Liquid-Coated Diesel Engine**
- **Turbo-Charged, Liquid-Coated Diesel Engine**

### Optional G-Series Deluxe Instrumentation Package includes:
- Multi-language capability
- System diagnostic capability
- All gauges read in metric or English units
- Feature lockouts

**NOTE**: Where applicable, dimensions are in accordance with Society of Automotive Engineers (SAE) standards. Specifications and design are subject to change without notice. Pictures of Bobcat loaders may show other than standard equipment. All dimensions are given for loader equipped with standard tires. All dimensions are shown in inches. Respective metric dimensions are enclosed by parentheses. Bobcat Company complies with the requirements of ISO 9001 as registered with BSI.
